

25 YEARS LATER

— WE REMEMBER —

SEPTEMBER 11, 2001 • SEPTEMBER 11, 2026

25TH ANNUAL 9/11 MEMORIAL

2,977

WE REMEMBER THE 2,977 LIVES LOST

Including brave first responders who ran toward danger so others could live.

WE HONOR THOSE WHO RESPONDED

Firefighters, law enforcement, EMS, dispatchers, and all who answered the call.

WE RECOGNIZE THOSE WHO CONTINUED TO SERVE

The military members who answered what came next—and the families who stood behind them.

WE STAND BESIDE THOSE STILL CARRYING WHAT CAME AFTER

The effects of that day don't always show up right away. But they are real.

Twenty-five years ago, September 11 changed our country—and forever changed the lives of those who serve it.

We remember those who spent days, weeks, and months working at Ground Zero and the Pentagon. Those who became sick years later because of that work. The dispatchers and communications personnel behind the scenes. The families who sent someone to work that morning and never saw them come home.

For many in the first responder and military communities, September 11 isn't simply a moment in history. It influenced careers, deployments, relationships, families, and lives. Some of the effects were immediate. Others took years to fully understand.

At GRIT, we have the privilege of sitting with people who have carried pieces of that history with them—sometimes quietly—for decades.

25 YEARS LATER, WE REMEMBER.

WE HONOR. ★ WE STAND TOGETHER. ★ WE WILL NOT FORGET.
